DID YOU KNOW...

Where to buy Citadel Miniatures

Once you've decided which models you want, the best way to buy Citadel miniatures is to visit a Games Workshop store. Here you'll find all of the current range of miniatures on display together with examples of painted armies. All of the staff at Games Workshop are gamers and they'll be happy to give you advice on your army selection and offer tactical suggestions and tips to help you get the best from your troops.
Our stores also run a weekly games night where you can learn more about your favourite games and pick up useful tactics to try out in your own games.

If there is no store in your area or...
You still can't find what you need...

Although Britain is now well served with Games Workshop stores, it may not always be convenient for you to visit your nearest shop. However, there are now many fine model and toy shops that stock Games Workshop products, so why not try asking at your local toy or hobby shop, who will be usually more than willing to help.

Games Workshop Mail Order Service

The Games Workshop Mail Order service is quite unlike any other Mail Order in the world. To start with, we're not just an order service - We're here to advise and help you with any product questions, rules, painting and scenery tips you may need. Our Mail Order staff are all Games Workshop enthusiasts and will be more than happy to advise you on any aspects of the Games Workshop hobby.

Speedy Same Day Despatch

Our Mail Order staff can usually despatch every order received via Phone, Mail or Fax by 1 p.m, that very same day.

Quick Delivery Service

Mail Order uses the fastest delivery service possible. Most orders are received within 2 or 3 days in the U.K. and you only pay a standard postage rate.

Special Deals

Every month, Mail Order produces Troll, a superb free magazine. In this we provide special scenarios, army deals, new releases, classic models & exciting advance orders with a view to helping you get your hands on some great new units for your forces or start to collect a whole new army at a special bargain price. Give us a call and we'll send you out our latest one absolutely free.

DA ROOLZ BOYZ...

When you play Games Workshop games, situations will arise which just don't seem to be covered in the rules. Don't panic, this happens to everyone. Our games are complex evolving systems and despite our best attempts, it really is impossible to write a rulebook that covers every interpretation of the rules and gaming situation. The first step is to reread the section of the rules concerned. If this doesn't sort the problem out, see if you and your opponent can agree on a common sense solution at least until the end of the game. If you really can't agree then roll a dice and get on with the game!

If you didn't sort out the problem and need a more permanent solution, you can contact the Roolz Boyz here at Games Workshop. Like yourselves, the Roolz Boyz are enthusiastic gamers. However, we do not write the official rules and can't spend too much time answering rules questions over the phone or we'll never get the orders shipped! If you have more than a couple of questions, please write them down and mail them to us with a self-addressed stamped envelope, and we'll be happy to reply right away.

OTHER IMPORTANT STUFF!

Spray Paints and Primers

Due to airline regulations, no spray cans may be shipped using any form of air travel. This limits us to selling spray paints and primers to UK addresses only.

Pre-Orders

You can call our Mail Order at anytime to find out what miniatures and boxed sets are due to be released. Whenever you pre-order new releases, they are out sent out to you the day they are released.

Back Orders

Occasionally, an item may be on back order and rather than hold up your whole order, we will send you what's in stock and then the back ordered item(s) as they become available. If it looks like we won't get the back ordered item in for some time, we will send you a credit note with a note explaining the problem.

Mistakes

Even we make the occasional mistake. If you do receive broken or miscast miniatures or we made an error on your order, than we'll gladly correct the problem. Give us a call and we will discuss whether it's necessary for you to send any part of your order back, and how we can correct it. When you call us, we will need to know the full details of your order, so have your invoice copy at hand.

Returns

If you need to return an item that was wrongly supplied or was miscast, we will give you a credit note reimbursing you for your postage. Unfortunately we cannot accept models for exchange for any other reason than they were miscast or wrongly supplied, and under no circumstances can we take back models which are painted or assembled.

If we have to send a credit note, then you can return it with your next order for goods up to that value, or:

a) you can return the credit note for a full cheque refund, or

b) you can spend the credit note at any Games Workshop store.

Credit notes don't go out of date, and can be used at any time.
